

TowerJazz Completes its Previously Announced Bond Offering: Expands its Series F Bonds, due 2015-2016, by \$80 Million, Demonstrating Excess Demand of 2X

February 23, 2012

MIGDAL-HAEMEK, Israel, February 23, 2012 /PRNewswire/ --

TowerJazz, the global specialty foundry leader, today announced that following a public tender earlier today, it completed its previously announced bond offering, resulting in excess demand of 2X.

TowerJazz raised \$64 million from the institutional tender completed on February 20 and an additional \$16 million in today's public tender, resulting in an aggregate of approximately \$80 million (approximately NIS 300 million) with the expansion of its existing Series F bonds issued in 2010, through the issuance of 265,768 units, with terms as previously announced.

Oren Shirazi, TowerJazz CFO, stated: "We are excited by the demonstrated trust of the financial capital market in our performance and long term strategy, evidenced by this \$80 million long-term bonds fundraising, maturing in 2015 and 2016. During 2011, we significantly reduced our debt by approximately \$140 million, most of it by redeeming short-term bonds, thereby achieving a net debt to EBITDA ratio of 1.7X, as of December 31, 2011. This fundraising will enable us to continue our growth plans, utilizing our global capacity, including our recently acquired fab in Japan, which we are currently focusing on migrating it from an IDM DRAM fab to an analog specialty facility. We thank our long term investors for their belief in the Company and its management."

The placement agents in this bonds offering were Leader Issuances (1993) Ltd., Clal Finance Underwriting Ltd, Apax Underwriting Management and Issuances Ltd., Poalim I.B.I - Underwriting and Issuances Ltd. and Barak Capital Underwriting Ltd.

TowerJazz thanks its counsel, David Schapiro, a partner of the law firm of Yigal Arnon & Co. and his team, Sheldon Krause, a partner of the law firm Eilenberg & Krause LLP, as well as Asher Mechlovich, a partner of the accounting firm of Brightman Almagor Zohar & Co. and his team.

The securities issued in this fundraising will be listed for trading on the TASE, were offered in Israel only, are not registered under the U.S. Securities Act of 1933, as amended (the "Securities Act"), and may not be offered or sold in the United States or to U.S. Persons (as defined in Regulation "S" promulgated under the Securities Act) without registration under the Securities Act or an exemption from the registration requirements of the Securities Act.

This press release shall not be deemed to be an offer to sell or a solicitation of an offer to buy any of the Company's securities.

About TowerJazz

Tower Semiconductor Ltd. (NASDAQ: TSEM, TASE: TSEM), the global specialty foundry leader, its fully owned U.S. subsidiary Jazz Semiconductor Ltd., and its fully owned Japanese subsidiary TowerJazz Japan, LTD, operate collectively under the brand name TowerJazz, manufacturing integrated circuits with geometries ranging from 1.0 to 0.13-micron. TowerJazz provides industry leading design enablement tools to allow complex designs to be achieved quickly and more accurately and offers a broad range of customizable process technologies including SiGe, BiCMOS, Mixed-Signal and RFCMOS, CMOS Image Sensor, Power Management (BCD), and Non-Volatile Memory (NVM) as well as MEMS capabilities. To provide multi-fab sourcing, TowerJazz maintains two manufacturing facilities in Israel, one in the U.S., and one in Japan with additional capacity available in China through manufacturing partnerships.
